

Why Do You Need an Electronic Health Record?

A photograph showing a person's legs and feet as they fall from a wooden ladder. The person is wearing dark pants and shoes. The ladder is leaning against a wall. A window is visible in the background, showing a bright outdoor scene. The overall image has a reddish tint.

You have three seconds to remember every doctor you've ever seen, every procedure you've ever undergone and every medicine you've ever taken.

You could get to your online medical information instantly!

Your medical history would be all together, safe and sound and in one place. That could be a real life saver in the event of an accident, emergency or sudden illness.
